## **GENI Foundation Annual Report for 2007-2008 year**

Hello dear GENI Friend

Another year has passed again, and first off I would like to thank all of you for your continued support in holding a vision of global co-operation.

So much is happening in our world today, the bigger picture so to speak. Peter Meisen sure has that side of the fence well handled as the monthly reports show us.

Here in Australia, we also play out our fair share of activities, which I would like to share with you all.

Firstly, the monthly reports that Peter sends us go to all prominent VIPs here in Australia as well as our Members. I love the fact that they receive a monthly report on GENI Letterhead every month in their offices.

Then a new person I would like to acknowledge for his fabulous and welcoming contribution to further the GENI Initiative is Stewart Taggart from Sydney. He is a Journalist and he kindly wrote 2 reports on behalf of GENI to be submitted to the Oz2020 and to the Garnaut Climate Change Review. Updates on the Garnaut Climate Change Review can be accessed via [www.garnautreview.org.au](http://www.garnautreview.org.au).

Another person I would also like to acknowledge for his time is Danny Tiomkin. Danny and I went along to see Jamie Durie, an event hosted by Origin Green Energy. Jamie is Al Gore's representative here in Australia to further the "Al Gore's Climate Project Australia". It was great to see 1,000 people in the room all listening as well as giving feedback to Origin Green Energy on ways to support the environment better.

The highlight for me was to meet Jamie Durie, as well as Phil Craig who is the CEO of Origin Green Energy. We introduced ourselves on behalf of GENI and forwarded a GENI Information pack to Phil as well as the "Ecological Design-Inventing the Future" video. and I've also added Phil to our list to receive the monthly reports from Peter Meisen. We do have the GENI Community Board up and running, and I know I've been a little slack in not using it lately, hopefully I will get round to sharing a few things soon, I also invite you all to drop a thread and start a conversation.

Please find enclosed this years GENI Support Form regarding membership renewal. The renewal date is Bucky's birth date on the 12 July.

Ruanna Segal

Trustee of the GENI Foundation
