GENI Foundation Annual Report for 2011-2012 year

Hello dear GENI Friend

Thank you once again for your support in making the GENI Solution another step closer to realisation this past year!

- To our Members and Pledges of the GENI Foundation thank you for your sincere commitment and ongoing belief that the GENI Initiative has the Solution to many of our planets most pressing problems. Without your support we wouldn't be able to fund our monthly reports, our mailouts nor our fundraising events, nor inform the people in power with our reports and information.
- To the Trustees of the GENI Foundation, Charles Kovess for your unending passion, for all those hours discussing, preparing paperwork and presenting GENI to the public, keep up your energy Charles because there is more to do ahead! To Dr. Graeme Edwards for his love and support and in doing whatever is needed to support us, and to Ruanna Segal for all the hours at the computer and on the phone working behind the scenes.
- To Peter Meisen and his team in San Diego for keep the GENI vision alive, for the unending hours and commitment in making the GENI Initiative a reality.
- To Willem and Tracey for their love and expertise, for inviting us to their lovely dome home for our regular meetings, for the flyers, for the business cards, for the website and for being just as passionate and committed. To our new supporter, Julie Parker for your valuable time and contribution in getting our database names up with renewable energy companies and for getting us started on social media networks ie: LinkedIn.
- To our extended family that support us along the way when we need them like Danny Tiomkin with his feedback and support when he can, for Christine Long sitting at registration table every year at all our annual events. To Jerry Speiser for contributing his support and valued feedback, to Julian Rodaro for being there when someone needed a lift and to Judy Ann Stead for always having us on her Radio show.
- We celebrate the UN World Environment Day every year and we register our event with United Nations to receive a beautiful Certificate of Appreciation from United Nations Environment Program for holding our event and making positive changes for our future.

- This year's annual event was titled "Critical Path to Corporate Renewable Success – GENI has the Solution". This year our aim was to connect with other renewable energy companies. We held our event at the Mulgrave Country Club and afterwards we were able to stay back for buffet dinner thereby keeping the GENI Australia conversation going.
- The presenters this year were Joseph O'Brien Director of Copperstring, this project is about connecting Townsville to Mt Isa via Copperstring method bringing energy to mid Qld. This is a crucial step in making our national grid grow so we can then connect Australia to Papua New Guinea and to Indonesia. Peter Ho Director of PHOOEY Architects also presented his various homes, offices and community buildings using renewable building materials and zero wastage methods, a lovely connection to back to Bucky.
- This year we created a monthly newsletter called GENI-us in this way we are able to connect with everyone on our forever growing database on a monthly basis, not just once a year when we are marketing our annual fundraiser. We are able to give regular updates about GENI in Australia and GENI worldwide.
- GENI Foundation was also proud to be involved with Jerry Speiser's "The Future By Design" workshop last year. 22 people attended the workshop including Jane and Stan Jordan. This event raised a lot of funds for the GENI Foundation and thanks to Jerry for his ongoing love of Bucky Fuller's work.
- Thanks to Viarnne for inviting Charles Kovess to speak on her radio show to children on a quarterly basis. School children call up and ask questions about the GENI Initiative and we have the opportunity to update them throughout the year.
- To Alex and Helen Sprunt from Your Healthy Planet.com for the free subscription for GENI Foundation in their Directory. It's an opportunity to raise awareness and to raise funds. Thank you for your love and commitment to a healthy planet.
- To Sam Knott and David Carbone from Knott and Assoc. Chartered Accountants Maribyrnong Rd, Moonee Ponds, for working on our financials to Audit our papers Pro-Bono. We really really appreciate your support thank you!
- I have also included the Renewal Membership Form. I also invite you to become a regular financial member of the GENI Initiative and pledge a small amount each month, all the details are on the Form. We use Bucky's birthday 12 July as the renewal date every year. We welcome your continued support...thank you!

Ruanna Segal
